

FAQs

Why the Change?: The City of Bellevue is Growing! Recent annexations have brought nearly 4,000 new residents into the City. Incorporation of these routes into the City has resulted in inefficient routes.

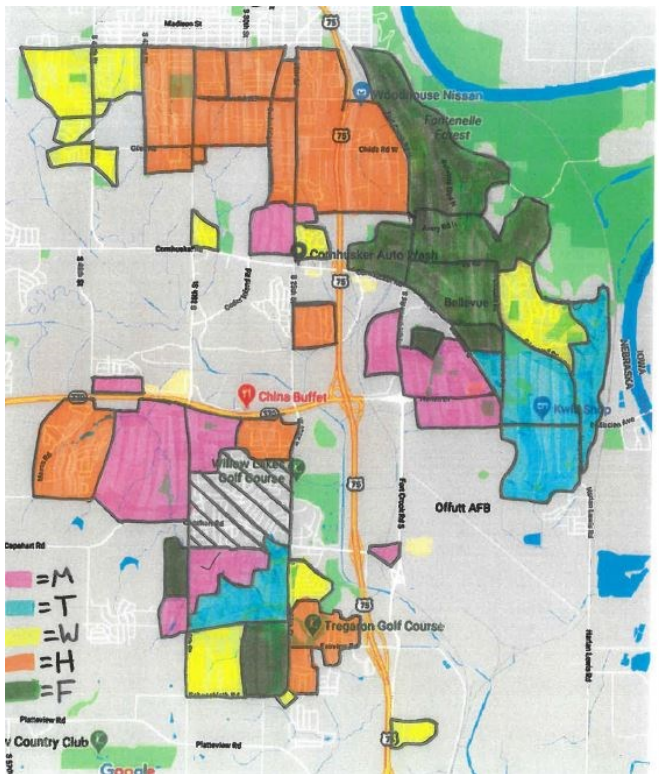

When does this start?: New routes go into effect the first week of August. Some customers may have two pick ups that week so that no one has to go more than a week without service.

Does this affect walk-up service? No.

Will the driver come at the same time as he does now? No. We hope that once the new routes are established and become routine, you will see more consistency in pick up times. However, there are always variables that affect the time that the driver arrives at your home, such as traffic, road conditions, amount of items set out, etc. That is why we always suggest you set your carts out the night before.

Is my cost for service going up? No.
